

BASIC TRENCH SMT™

The Basic Trench SMT™ (Special Mission Tender) is a low maintenance and cost effective solution for fire departments and rescue teams. Paratech's SMT™ simplifies rescue plans by providing a neat and organized mobile container for all of your rescue equipment.

The Basic Trench SMT™ is equipped with Rescue Struts, MAXIFORCE® Air Lifting Bags, Low Pressure Trench Cushions, Waler System, Finnform, Plywood Ground Pads, extra room for other tools required for rescue, and other kits and components to facilitate rapid response to trench collapse scenarios.
